Disclaimer: The Idaho Freedom Index is an aggregation of the Idaho Freedom Foundation's non-partisan analysis and rating of bills voted on by the Idaho Legislature during each legislative session. The Idaho Freedom Index is not intended to serve as either an express or an implied endorsement or rejection of any candidate for public office. Idaho Freedom Foundation recognizes that there are inherent limitations in judging the qualifications of any legislator on the basis of a selected number of votes, and legislative activities such as performance on committees and constituent services are not reflected in the scores of the Idaho Freedom Index.

* Higher letter grades and percentages indicate lawmakers supported conservative principles and limited government. Lower letter grades and percentages indicate the opposite.
